The roads are in excellent condition.

On account of the mildness of the winter, horses and cattle are still running out and are doing well.

A large wolverine was killed near Mr. Thos. McKay's farm by Anderson.

Mr. Gaister, who has been ailing for some time, is able to be around again.

Very little grain is being sent to market from this vicinity on account of low prices.

Thos. Glaister, in the employ of Sanderson & Bailettine, left for the bush lately.

The Templars gave a ball on New Years evening, which was well patronized by the young people here.

Constant complaints are being made about poisoned bait is placed in two close proximity to the dwellings around here; spring guns are also put out in dangerous proximity.

A meeting will shortly be called by the road committee, appointed some time ago, in the interests of the road between the Hill and town.

**THE CANADIAN LIVE-STOCK JOURNAL**

There have been few more marked successes in journalism than have been achieved by the CANADIAN LIVE STOCK AND FARM JOURNAL, of Hamilton, Ont.

Though devoted especially to stock raising, it includes the Farm and Dairy, the apary, Poultry, Horticulture, and the House, so that for the general farmer, or such farmers as make live-stock breeding to any of its departments a leading feature of their business, we do not know where to find its equal in Canada. We heartily recommend it to our patrons as the leading agricultural paper in the Dominion. Price \$1 per annum. A beautiful photograph of the Ontario Agricultural College and Experimental farm, Guelph, is given to every subscriber. We can furnish it and THE TIMES from now to January 1890 for \$3.00. Call at THE TIMES office and see sample copy, also see photograph.

The Canada Lumberman, which we received a copy of, is a journal published in Peterborough in the interests of the lumber trade and allied industries throughout the Dominion, being the only representative journal in Canada of this foremost branch of commerce of this country. It is a cheap and well-printed twenty-page journal. It costs \$1 a year.

We hear that it is on the tapis to take advantage of Col. Irvine's presence to show that gallant officer some tokens of the high esteem entertained for him by the people of this settlement, not only for his conduct during the rebellion, but for his constant endeavors in the late Northwest Council, of which he was a member until the disestablishment of that body, to obtain a tardy recognition of our Prince Albert Volunteers and their widows and orphans. We understand that this will take the shape of a public dinner which doubtless will be a great success.

DEAFNESS CURED—A very interesting 122 page illustrated Book on Deafness, Noise in the Head. How they can be cured at your home. Post free to—Address Dr. HICHAISON, 22 St. John Street, Montreal.

Miss Hamilton, a relative of the Rev. Mother Collins, arrived in town on the stage this week.

Cashmere and Woollen Hosiery, of all kinds and sizes, Ladies' Jerseys, and Cardigan Jackets for gents, etc. All goods will be sold at the times. Walters & Baker.

Christmas number of the Montreal Star is pronounced on all sides to be the best and most complete journalistic effusion ever sent out. Forty cents is all it costs and is well worth the price. Don't fail to send for a copy before they all go.

Rev. Eli Woodcock says: I have been severely troubled with catarrh for 15 years. On the recommendation of a friend I tried Nasal Balm. I have used part of a small bottle, which has given me great relief.

We have received the first two numbers of The Hustler published at the town of Kewatin, in Ontario; it is a spicy and new paper and well printed and appears to be under a good management. We welcome the new venture and hope that it may long continue to hustle.

A few days ago a coyote, with a trap fast to its leg, was seen in the bluff south of the town. The same night a terrible racket, among the dogs, was heard near the foot of the hill on the McKenzie property and it is supposed that they got on the wolf's trail and killed it as some of them were in a very deplorable condition, and covered with blood, next morning.

The last mail brought us in a specimen copy of Massey's Illustrated; it is published in Toronto by the Massey Manufacturing Co. and is not, as might be supposed, an advertising sheet but is a journal of news and literature, more suited for rural homes. It is a sixteen page journal, well printed on good paper and beautifully illustrated. It is only 50 cents a year.

All kinds of fine goods at Walters & Baker's. They are selling a Persian lamb cap at \$3.75. See their woollen goods. Grey flannel, all wool, only 30c per yard.

A meeting of the electors of Ward No. 1 was held in the East End school house on Wednesday evening for the purpose of discussing municipal affairs and hear the views of the candidates for civic honors. Mr. C. Thompson was appointed chairman and Mr. Bartlett, secretary.

The meeting was then addressed by Messrs. McPhail and Woodman on matters of interest to the electors; each of these candidates seemed to have a good support. Mr. Deacon spoke briefly and announced his withdrawal from the contest. Mr. Knowles was the only candidate for the mayoralty present, although the others had been invited to attend. Mr. Knowles being called upon to express his views, took the platform and made a long speech of nearly an hour's duration, in which he went fully into municipal affairs, and spoke very decidedly as to the policy he intended to pursue if elected, which he said would be one of economy. He was attentively listened to throughout and was loudly cheered at the close of his speech. His speech showed that he is not only a man of ability, but has a thorough knowledge of municipal matters.

**ADVICE TO MOTHERS.**

Are you distressed at night and broken by your rest by a sick child suffering with pain of cutting teeth? If so, send at once and get a bottle of Mrs. WINDLOW'S SOOTHING SYRUP FOR CHILDREN'S TEETHING. It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures diarrhoea, regulates the stomach and bowels, cures with colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. WINDLOW'S SOOTHING SYRUP FOR CHILDREN'S TEETHING is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the U. S., and is for sale by all druggists throughout the world. Price 25c a bottle.

**THE MAYORALTY.**

Although five candidates were nominated for the position of Chief Magistrate of this town, some of them we understand without their consent, and about which we shall have something to say in another paragraph, it appears to be pretty well settled as polling day approaches that the contest for this honorable position will be narrowed down to two candidates—Messrs. Knowles and Agnew. These gentlemen are so well known to the community that it would be useless for us to expatiate on their relative merits. The one an old pioneer and a leading merchant of the town; the other a leading banker, an authority on finance and well calculated to keep this important branch of our municipal system upon a sound basis.

With two such men before our citizens, we do not feel called upon to express any definite preference, but prefer—to use the language of one of our western "bear" stories—to stand by and see fair play, and leave them both in the hands of our intelligent electorate, who will doubtless select the best man.

Meanwhile we congratulate the town upon the good feeling and absence of the usual mud slinging that has so far characterized these elections.

Contrary to expectation, the opinion of the Supreme Court at Ottawa on the Manitoba's crossing case has been unanimously against the C. P. R. The point in dispute was as to whether the Manitoba Legislature had power to enact legislation authorizing the Red River Valley railway to cross the south-western branch of the C. P. R., that railway having been declared a work for the general advantage of Canada. The judges of the Supreme Court have decided that the Legislature of Manitoba had power, and that the crossing can be made after the Railway Committee of the Privy Council has approved of the mode and place. The general opinion of the Press of Eastern Canada is that the decision is unsatisfactory, as no grounds are given on which it is based. An appeal will most probably be made by the C. P. R. to the Imperial Privy Council, which will take up some

more valuable time. In the meanwhile the R. V. railway will be at a standstill, unless the Courts in Manitoba refuse to grant any more injunctions, in which case the road will doubtless be completed as speedily as possible. The C. P. R. of course may, pending their appeal to the Privy Council, use force to prevent a crossing; but such action would, we believe, lead to serious trouble.

There is something wrong in our Municipal Ordinance. Candidates for Mayor or Councillor should be compelled to make a deposit at their nomination. The candidate should be required to consent to the nomination in writing or his movers should make a declaration that he has or will consent to the nomination, then we would not be liable to have so many men nominated who have no intention of running, as was the case at this election. Again, no person but an elector in a ward should be allowed to nominate candidates for that ward. Here we have every year men nominated without their knowledge or consent by parties who, with a reckless disregard for consequences and thoughtlessness of the trouble and annoyance they put others to, do it "for fun." When the interests and welfare of the town are at stake such conduct should be severely condemned and provision made in the law whereby it would be guarded against.

The Regina Leader makes some serious charges against the Commissioner of the N. W. M. P. We sympathize with the Regina merchants in the canteen matter, and hope that they will take such action as will result in the breaking up of what is apparently a job on a large scale, and which may be extended to other parts of the Territories.

**COMMUNICATIONS.**

It must be distinctly understood that we do not hold ourselves responsible for the opinions expressed by correspondents. Correspondents must give their name in full, not necessarily for publication, but as an evidence of good faith.

**QUEBEC'S SPEECH.**

To the Editor of the Times.

SIR,—With regard to your report of the conversation and opening ceremonies of the Nisbet Academy, while I agree with you that affectation is repugnant to Northwesterners, allow me to state that there is another matter still more repugnant, and that is an uncalled-for reflection on the nationality and religion of a considerable portion of our community. I trust that in future your wial not to be unkind or hurt the feelings of anybody, in your paper, will be carried out in alleged semi-religious entertainments.

Yours truly,

ONE WHO WAS THERE.

The Manitoba Daily Free Press of the 22nd ult. is the largest daily we have seen for some time; it is a twenty-page paper and is replete with a historical sketch of the foundation and growth of the Manitoba college; a sketch of the different athletic organizations; a chronology of 1888; several Christmas stories and poems together with the usual supply of Canadian and foreign news. The Free Press is a live journal.

# TERRITORIAL NEWS

## LETHBRIDGE.

From the News, Dec. 19.

His Lordship the Bishop of Saskatchewan arrived here on Wednesday. He conducted the services in the church in the morning and evening. In the morning services the church was full. On behalf of the congregation, presented him with the following petition:

To the Right Rev. His Lordship of Saskatchewan and Calgary:—

The petition of the undersigned resident attendants of St. Augustine's Church, Lethbridge, respectfully sets forth:

That the Rev. J. F. Pritchard, who has for the past six months been in charge of St. Augustine's Church, has discharged his duties in such a manner as to secure for himself the confidence and favor of the congregation.

That as the result of his labors the congregation of the church has greatly increased and rapid progress has been made in the affairs of the church in other directions, whereby the position of the church has been greatly improved.

Your petitioners therefore pray that Your Lordship may be pleased to appoint and formally induct the Rev. J. F. Pritchard to the permanent incumbency of St. Augustine's Church, Lethbridge, and your petitioners will ever pray

His Lordship in reply said it gave him great pleasure to see the church in such a flourishing condition and that he would be pleased to grant the request of the congregation, and would, during the service, induct the Rev. Mr. Pritchard into the incumbency.

## BATTLEFORD.

From the Herald, Dec. 15.

Eggs scarce at 60c. to 75c. per dozen. The ladies of Battleford have issued invitations to a leap year ball, to be given on New Year's eve.

The public will be very highly pleased to learn that Battleford Post Office has at last been made a money order office. The new arrangement will go into operation about the new year.

Neither snow nor cold weather have arrived to assure us that winter is really here. Out-door operations are every where going on without hindrance, and cattle that are on the ranges never come home unless they are brought in, preferring the natural herbage to the cured hay. The seasons of 1870 and 1877 were in every respect similar to the present.

## CALGARY.

From the Tribune, Dec. 19.

Yesterday a young Englishman named Woolright, who has been employed on Stinson's ranch for the last three years, was brought to town on account of being insane.

A small snow slide occurred about four miles on this side of Field yesterday. The slide was about seventy-five feet long and from ten to fifteen feet deep. Work trains were sent out from Laggan and Field and the track cleared in a short time. The train from the west being delayed only a couple of hours.

On Saturday Chas. Jackson, who lives about two miles out, drove into town with a couple of pigs in his wagon that attracted a good deal of attention. They consisted of a couple of young bears, one cinnamon and the other black, that were caught near Golden about a year ago. The cinnamon one is a lusty chap, weighing about 200 pounds, while the black one is about 25 pounds lighter. Mr. Jackson had the animals down to have them photographed. They are quite tame and gentle and playful about their owner's premises.

## QU'APPELLE

From the Vidette, Dec. 20.

A great chinook prevailed yesterday, which played great havoc with the snow.

The Lieut. Governor closed the proceedings of the Legislature by reading his address in French. What a waste of time and talent, to say nothing of the pernicious precedent established.

The portable engine which was being taken to Duck Lake, for the mill there, has been abandoned on the Salt Plains, owing to its inability to stand the racket of Northwest trails, and now awaits repairs before proceeding to its destination.

This has generally been considered to be a prohibition country; but from the estimates laid before the Assembly it would appear that this is all a mistake. According to the documents alluded to we learn that the Government anticipate the introduction of 35,000 gallons of four per cent and 6,000 gallons of liquor into

ending June 31st next, which is not so bad for a population of about 30,000 white people.

## REGINA.

From the Leader, Dec. 18.

The Advisory Council will meet about the middle of January.

Rarely has there been so large a funeral in the Northwest as that of Mr. Joe Jones, which took place yesterday. The funeral has been held from the first moment of a post office. First in the morning at the South Railway street, while the afternoon was a tent city. A sentiment of genuine regret pervades the whole community and great sympathy is felt for the family.

## EDMONTON.

From the Bulletin, Dec. 8.

There will be a parlor concert at Senator Hardisty's next Thursday evening.

H. S. Casey arrived from the south on Sunday night, after delivering Godin to the police at Calgary.

Threshing operations are nearly over in the St. Albert neighborhood and the people are busy preparing for winter.

St. Andrew's Day was the 29th anniversary of Bishop Grandin to the Episcopate and a celebration in consequence was held at the St. Albert Mission.

## NOTICE.

Application will be made to the Parliament of Canada, at the next session, for an Act extending the time for completing a portion of the railway of the Qu'Appelle, Long Lake and Saskatchewan Railroad and Steamboat Company, and authorizing and confirming a transfer of its railway and all its rights, properties and franchises to the Canadian Pacific Railway Company, and enabling the latter company to complete and hold the said Railway as a branch of the Canadian Pacific Railway, and for other purposes.

R. T. HENKEL,  
Solicitor.

### Christmas Tree at St Andrew's

A very successful Christmas Tree entertainment was held by St. Andrew's school house, Halcro settlement, on Christmas eve. The proceedings commenced with recitations and singing by the children, whose performances were extremely well rendered. Santa Claus then appeared on the scene, in the person of Mr. Andrew Spence, and the well laden tree soon yielded its burden of presents to the delighted children, and to others also, among whom the widows of the parish were not forgotten. At the close, Archdeacon J. A. McKay gave a short address, and then a performer on the violin took his seat on the platform and the young folks spent the rest of the evening in their favorite enjoyment.

A substantial supper was also provided to which the large company present did ample justice. Several visitors shared the pleasure of a very enjoyable evening, and in the company the bright uniforms of a few of that popular corps, the N.W. M. Police, were conspicuous.

The proceedings were most successfully carried out and reflect great credit to the promoters and managers of the entertainment. The people of St. Andrew's have, from the beginning, under the leadership of a few public spirited individuals shown a praiseworthy and enlightened interest in the education of the young. Even before the advantages now enjoyed under the school ordinances were within their reach, they had secured the services of an efficient teacher, Mr. Germond, under whose management the school has reached a high state of efficiency.

### THE NOMINATIONS.

On Monday last the nominations, for candidates to fill the seven municipal chairs, were held in the Town Hall before Mr. T. N. Campbell, the returning officer. For Ward No. 2, six candidates were brought forward and are all with one exception soliciting the suffrages of the electors of that ward. ### HOW I SUFFERED

Seventeen years from a Skin Disease.

Could not walk or dress myself. I was a cripple for an hour to rest. Cured in eight weeks by Dr. Williams' Pink Pills.

"At the age of three months a rash (which afterwards proved to be eczema or salt rheum) made its appearance on my face. A physician was called. He said teaching was the cause; he prescribed some cooling medicine, but the sores spread to my ears and nose. Another M.D. was called. He professed to know all about the case, called it 'King's Evil,' and prescribed a quinine and bromine and I am mixed into a saucer but the disease continued. They could not do anything with it; another physician, Dr. Water and flour, another dressed potatoes. None of them did me any good at all, but made me worse. The disease continued unabated; it spread to my arms and legs, till I was laid up entirely, and I from continually sitting on the floor on a pile of my hands contracted so that I lost all control of them and was utterly helpless. My mother would have to lift me out and into bed. I could get around the house on my hands and feet, but I could not get my clothes on at all, and had to wear a sort of cruet-gown, my hair had matted down or fallen off, and my head, face and ears were one mass, and I had to have a towel on my head all the time in the day in order to keep the flies off. My parents consulted a prominent physician and surgeon here in Canada; the other physicians before mentioned were of Dundas and Hamilton, Canada. He said he could do nothing for me, he wanted to cut the sinews of my legs, so that I could walk, but I would not let him for if I did get better I would have no use of them. The disease continued in this manner until I was seven years old, and one day in January, 1879, I read an account in the Tribune of your 'Cure of Skin Diseases.' I described my case so exactly that I thought, as a last resort, to give them a trial.

When I first applied them I was all raw and bleeding, and scratching myself, but I went to sleep and when I awoke something I had not done for years, the effect was so soothing.

In about two weeks I could stand straight, but not walk, I was so weak, but my sores were nearly well. As near as I can judge the 'Cure of Skin Diseases' cured me in about six or eight weeks, and up to this date from January, 1879 to January, 1887, I have not been sick in any way, or have had the least signs of the disease re-appearing on me.
